

## FIRE TRAP AND HEALTH MENACE

YPSILANTI HAS ONE BACK OF BUSINESS PLACES—REGULAR DUMPING GROUND.

Has Ypsilanti a fire warden? This question was asked us the other day by a gentleman as he came from behind the buildings on the east side of Huron street. If anyone will take the trouble to go around back of these buildings and see the litter and filth strewn about he will not wonder at this question being asked. Of all the dirty places ever seen this is the dirtiest. It is a shame and disgrace to any city to have such a place within its limits. Scattered over the ground, next to the buildings, will be found old feather beds, paper and empty crates and little of every description, not only a menace to health but a regular fire trap.

Certainly the city of Ypsilanti must have some one in authority whose duty it is to see that these conditions do not exist. Who is he and why is not something done? are the questions being asked by those who rent business places along this street. If it is up to the property owners surely the city should see to it that they are made to keep these places clean and free from accumulations that might at any time cause a large loss by fire or be the means of spreading some epidemic.

### JAMES MOORE DIES.

James Moore, who lived south of Ypsilanti, died Tuesday evening at 12 o'clock. He was born in Lancaster county, Pennsylvania, in 1843, and came to Ypsilanti with his parents in the spring of 1855. He is survived by his widow and six children, Mrs. Ella Bassett, of Novi; Mrs. Sara Gardner, of this city; James G. Moore, of Racine, Wis.; Prof. Martin Moore, of Lansing, and Lewis C. and Enol W., who have been running the farm for several years, and two brothers, Pusey W. Moore, of this city, and Eli W. Moore, of Ann Arbor. Funeral services will be held from the residence Friday afternoon at 2 o'clock.

### LUTHERAN LADIES' AID ENTERTAIN ANN ARBOR LADIES' AID.

The Lutheran Ladies' Aid entertained the Ann Arbor Ladies' Aid at the home of Mrs. P. L. Stein, near Sheldon, Wednesday afternoon. About 104 guests were present, including Rev. E. C. Stelly, and a very pleasant time was enjoyed by all present. Several interesting talks were given on missions. Rev. J. Mackensen, secretary of the Board of Missions, gave a most enjoyable talk on mission work among the Kurds at Kurtestan.

### ATTENDING SHOE CONVENTION.

Frank Minniss, of the shoe firm of Minniss & Cotton, is attending the Michigan Shoe Retailers' association convention in Detroit this week. Mrs. Minniss and children are with him enjoying the sights of the city. Other shoe dealers of the city were in attendance Wednesday.

### BELIEVES IN ADVERTISING.

Warren Lewis, Ypsilanti's best advertised auctioneer, has had his advertising wagon on the streets, the past week advertising some big real estate deals he has on hand. Next Saturday afternoon he will sell one of Ypsilanti's best business blocks at auction. Warren never does anything in a small way, but believes that when you have anything to sell say it strong. Give the people the facts on a square deal and you have sold them.

### LOCATES IN YPSILANTI.

H. H. Beatty, D. D., graduate of the Palmer School of Chiropractic, Davenport, Iowa, and a member of the Universal Chiropractors' association, is locating in Ypsilanti. He will open offices in the Union building on Michigan avenue, over Haig's pharmacy, and expects to be open to the public the latter part of next week. As soon as he can find a house he will move his family here.

### NEW MARTIN BLOCK FOR SALE.

Who will be the luck one is now the question being discussed in the financial circles of Ypsilanti. The two new stores and offices, the new Martin block, is a fine, sure and safe investment, paying a handsome cash rent each and every month, and will be sold by the quick action—the is growing more and more valuable. This desirable business property will be sold by the quick action—the auction—Saturday afternoon, Sept. 17th, in public from the auction stand in front of the building on Michigan avenue by Warren Lewis, Ypsilanti's reliable auctioneer. Everybody is invited to attend whether prospective buyers or not.—Adv.

### FORD-DODGE COLLIDE.

Albert Avery, of Tiwiner street, and E. E. Clark, of Detroit, came together on Cross street Thursday. Avery was driving a new Ford and Clark was driving a Dodge business car. The Ford was badly scratched, the right-hand fender and running board smashed and the rear tire ripped off. The other car was not damaged except for a few scratches. No one was hurt.

## KNIGHTS OF PYTHIAS HOLD FINE BANQUET

Monday night, with a fine banquet and a musical program, the Knights of Pythias opened their lodge season after being closed for the summer months. The long tables were filled with enthusiastic knights, who were glad to once again meet brothers around the festive board.

After all had partaken of the good things prepared by the Rathbone sisters tables were cleared away and the speakers of the evening were introduced by Judge D. Z. Curtiss, toastmaster of the evening. James Hart, delegate of this lodge to the grand lodge convention held in Flint last week, gave a very fine report of the meeting and told of the high honor conferred upon our fellow townsman, H. E. Van de Walker, when he was elected by acclamation to succeed himself as supreme lodge representative.

Mr. Hart was also honored at this convention by being unanimously nominated as vice-supreme chancellor of the supreme lodge, representing all lodges in the United States.

Pierce's orchestra furnished the excellent music that put the finishing touches on as fine a Pythian gathering as ever was held in castle hall.

## LOCAL MEN HURT IN FALL AT ANN ARBOR

George Daily, of this city, is in St. Joseph's hospital with a wrenched back and a badly sprained ankle and Edward Clough, also of this city, is suffering shock from a fall of 15 feet while painting the front of the Ann Arbor Dairy company's building Tuesday morning.

The men were painting the upper part of the building and had the ladders arranged with iron braces so both could work at the same time. One of the rungs of the ladder broke, released the iron brace and hurled the men to the sidewalk. The ambulance was called. Daily being taken to the hospital and Clough to his home.

## D. W. SMITH TO CONTINUE IN RACE

Because of the tactics of the Detroit News in influencing Judge John Faust from entering the race for mayor of Detroit, and assailing the character of several others, including himself, Daniel W. Smith, of this city, has declared that he will continue in the race for mayor of the city of Detroit in spite of possible disqualification on technical grounds.

D. W. Smith was advised by several lawyers that he could not be elected as mayor of Detroit since he had voted in Ypsilanti twice in the last year. The charter of Detroit provided that a candidate must have lived and voted in Detroit for three years.

At 8:30 Saturday morning Judge Faust declared he was ready to enter the race. Five minutes later a representative of the News visited him. When the committee called on him he disappointed them by refusing to declare himself a candidate, giving as his reasons arguments used in the News editorials of Friday.

### TO ATTEND CONVENTION.

Dan South stepped into the office one day this week and said that next week he expected to attend the convention of the great lakes section of the National Electric Light association to be held at French Lick Springs, Ind. Dan also said but from the fact that this convention was to be held at this popular health resort he would not have mentioned his leaving the city, but was afraid that some would take it that he was going there for baths to recuperate from the strenuous efforts to bring out a ball team that recently defeated the Kiwanis team. Nothing to it, says Dan, feeling fine and ready and fit to repeat another defeat to that aggregation at any time and place.

### LOSE \$100 WASHING.

Through robbery five customers of the Ypsilanti Laundry company have lost about \$100 worth of wash, divided between the five. No one can account for the loss. The company is making good the missing articles and is having suspected parties under surveillance.

## FLYING SQUADRON SPEAKS IN YPSILANTI

Tuesday afternoon at 3 o'clock the flying squadron of women sent out by the national disarmament committee spoke for half an hour in front of the postoffice.

They were headed by the Ypsilanti band and proceeded along Huron street to Michigan avenue and up Michigan to the postoffice. The party consisted of Mrs. W. Nelson Whittemore, chairman of the state disarmament committee; Mrs. W. A. Atkinson, vice-chairman, and Mrs. Alta Fulcher, state organizer of the W. C. T. U. The local committee consisted of Miss Estelle Downing, Mrs. Henry Frain, Mrs. Chester Alban, Mrs. E. L. Calkins, Mrs. Charles Challis, Mrs. Minnie Snedcor and Mrs. Harvey Holmes.

## WASHTENAW BOYS IN JUDGING CONTESTS

Last week at the Michigan State fair judging teams representing the Washtenaw county boys' and girls' clubs made a good showing in the contests which they entered.

The farm crops team won first place in competing with similar teams from six other counties. The Washtenaw team was composed of Francis Maubetsch, Lynn Wortley and LeRoy Brown. Maubetsch, of the Washtenaw team, was the highest scoring contestant, his score being 85.3. Lynn Wortley was third highest scoring boy, his score being 77.6. LeRoy Brown was sixth, with a score of 74.7. The other counties placing boys in the first six were Eaton, Macomb and Saginaw. The boys had to judge yellow and white dent corn, oats, wheat, beans and clover seed. Each class consisted of five lots of grain or five ten-ear lots of corn. Each lot had to be ranked according to its merits and each member of the team had to give reasons for the two best lots in each class. In addition to judging the above classes each contestant had to identify different types of corn, wheat and oats. These three boys are among some of the hustling corn growers belonging to the Washtenaw county boys' and girls' clubs.

The other team representing club work was the one judging livestock, which consisted of Kenneth Ferguson, Sheldon Linde and Arthur Sturdevant, who competed with similar teams from six other counties. The Calhoun county team won first place, Washtenaw tied with Eaton for second place, Wayne was third, and Macomb fourth. The boys had to judge beef cattle, dairy cattle, hogs and sheep. Each contestant had to place the animals and write reasons for his placing.

The boys have worked hard all during the summer under the direction of Mr. Gottlieb Jacobs, agricultural teacher of the Manchester high school, and Mr. B. O. Hagerman, county boys' and girls' club leader. This team will also judge in a similar contest at the Jackson County fair this week.

The boys in both teams are to be congratulated on their excellent work at the State fair.

## GARAGE AT SALINE DAMAGED BY FIRE

Between 4 and 5 o'clock Wednesday morning the large garage of George Cook at Saline was partially destroyed by fire of an unknown origin. The fire was first discovered when smoke and flames poured from the ventilator. An alarm was immediately turned in but before the fire was under control the back end of the building and part of the roof had been destroyed.

In the garage were 32 automobiles, trucks and an auto house, which were all more or less damaged. The total loss has not been determined, but will run up into the thousands. The automobiles were covered by insurance but no insurance was carried on the building.

Work was commenced Thursday morning to rebuild the damaged portion of the building.

### PLEADED GUILTY TO DRUNK CHARGE.

Tuesday morning in Justice Curtis' court Chester and Grover Bell were arraigned and pleaded guilty to being drunk and disorderly. Chester was given a 30-day jail sentence at the county jail. Grover drew a fine of 10 days or \$10 and costs, amounting to \$12.70. He thought he would rather pay than serve and the judge excused him for two hours to raise the money. They were driving a Ford car on Cross street and when the officer arrived on the scene were unable to stop the car.

### HAS EYE REMOVED.

Mr. B. G. Moorman is a patient at Beyer hospital for a few days, where he went to have his left eye removed. Dr. Wynn, of Ann Arbor, performed the operation.

## HUNTING SEASON OPENS SEPT. 16

Local nimrods may now get out their guns and all accessories, for in of duck flights at the surrounding lakes. Many reports have come in of duck flights at the surrounding lakes. Hunting licenses may be procured at Shaefer's hardware store, the same as last year.

The rabbit season, fox squirrel and ruffed grouse and woodcock seasons all open on Oct. 15, thereby increasing the would-be hunter's chances of securing at least one representative of the several species that are lawful hunting.

Geese and brant may be shot at from Sept. 10 to Dec. 31 by anyone who is lucky enough to get that close.

Fishermen may fish for suckers, carp, grass pike, sun fish and perch at any time without fear of the law. Large and small mouth bass may be caught from June 16 to March 31; bluegills from June 16 to March 31, and wall-eyed pike from May 1 to Feb. 1. In fact one may fish for anything but trout, grayling and salmon, the latter fish being caught mostly in cans locally. Non-resident fishermen are required to procure a license.

Sullivan, a niece of Arthur Sullivan, will leave for China the 15th of this month to enter into the missionary service. Impressive services were held for the young ladies Sept. 8 at St. Paul's cathedral, Detroit.

Harry LaVerne Smith, of this city, and Eunice Fidelia Niblick were married Wednesday of last week at the home of the bride, 334 Lansing street, Jackson. Rev. L. C. Robinson, of the Ida Stiles Memorial church, officiated, using the double ring service.

The bride was gown in marion blue Canton crepe and carried ophelia roses. Clusters of garden flowers decorated the rooms and furnished a distinctive background for the ceremony, which was followed by a delicious collation served to the immediate families.

Mrs. Smith is a graduate of the Jackson high school and received her bachelor of arts degree from the Michigan Normal college this year. She is a member of the Zeta Tau Alpha sorority. The groom received his master of science degree from the University of Michigan this June. He is a member of the Honorary Sigma Ki fraternity. He is an assistant professor of physics at the Normal college.

Mr. and Mrs. Smith left for an eastern trip and will be at home to their friends after Nov. 1 at 1007 West Cross street.

### RUN OVER BY AUTO.

Freeman Knaggs was painfully injured while cranking his auto in front of the firemen's hall Tuesday evening. Something went wrong with the machine and he got out to crank it, leaving it in gear, when it started, throwing him to the pavement and running over him, bruising him and otherwise injuring him about the body. He was taken to the Beyer hospital, where he will be confined for a few days at least. The auto ran down the street and finally stopped against the contagious hospital.

### HURT IN CORN SHREDDER.

Wednesday afternoon Harold Young, son of Mr. and Mrs. Bert Young, of this city, was painfully injured while working on a corn shredder on the farm of Herbert Lord, south of the city. Mr. Young was on top of the shredder when he was fixing a part of the machine that was not working right, when his foot caught in the rolls. One side of his foot was badly mangled. He was taken to the office of Dr. Kellogg, where it was found necessary to amputate part of the injured foot.

Dr. Glennadine Snow, of the Normal faculty, spent the week-end as a guest of Dr. Marian Stevenson in Akron, Ohio.

## J. L. HUDSON CONCERT MUCH APPRECIATED

The concert given by the J. L. Hudson orchestra at Pease auditorium Thursday evening was appreciated by the Methodist ladies, under whose auspices it was given, and by the large audience who attended.

The evening's entertainment was opened by a Tchaikowsky overture, a Russian piece that appealed to the audience. The Leonsavalo number also abounded in rich full-toned melody, in fact everyone expressed themselves as quite satisfied with the program.

The male quartet and the women's quartet were heard in several charming numbers. Mrs. Fuller, the bride of the Normal high school principal, was one of the singers.

Gustav Heim, trumpet soloist, was heard in a polka with orelies accompaniment, and his playing pleased the audience so much that he was obliged to respond to encores. Arthur Cooper, playing the xylophone, was recalled twice.

At the close of the concert Director Van Amburgh faced the audience and with his players rendered "The Star Spangled Banner" with fine spirit.

The October meeting will be held with Miss Jeanette Waterbury.

## AMERICAN OIL TEAM LOSE TO RAY BATTERY

The American Oil team of Jackson lost to the Ray Battery Sunday at Recreation park by a score of 6-5. The game was postponed from 2:30 to 3:30 because of the muddy field, which made it impossible to play, and much shoveling and scraping was necessary before the field could be put in shape. As it was the game provided much merriment for the fans when some player made a spectacular slide.

This is the first game the American Oils have lost in Ypsilanti. The diamond was so soft it was difficult to get a good hit and more difficult to field it properly. Ryncarson fanned 11 men and O'Neil nine. Doc McCullough umpired.

### ROTARIANS ENJOY TALK BY PRESIDENT.

Monday noon the Rotarians were entertained at their noon-day luncheon by President Wiedman, who gave a brief sketch of his trip to Edinburgh and eastern countries. In a graphic and pleasing manner he told of the sights he saw, describing in detail the battlefields of France, the old historic buildings and paintings. A short talk was also made by Dr. Edward Gabler, of St. George's church, New York city, and O. C. Eckley of the Board of Commerce. Mr. Eckley spoke of the Ypsi Sem and what its aims were this year. He said that it had been decided not to solicit advertising from the merchants to support the paper, but this year it would be published without advertisements; that the Board of Commerce had agreed to help get 150 subscribers at one dollar a year, and asked that the Rotarians subscribe. A number of subscriptions were taken at this meeting.

The Parent-Teacher club of the Woodruff school will meet Tuesday evening, Sept. 20.

## SECOND AUTUMN FESTIVAL 28-29

YPSILANTI MAKING EXTENSIVE PLANS FOR AUTUMN FESTIVAL.

With all committees at work, Ypsilanti is rapidly getting set for its second autumn festival which is to take place on Wednesday and Thursday nights, Sept. 28 and 29. This feature, which was carried out last year as a fall window display, will be enlarged this time to include an Ypsi auto show and an exhibit of "made in Ypsilanti" products.

The council has given permission to keep traffic off North Huron street to Pearl and on West Michigan from the postoffice to Washington. The auto show will take place on Huron and the "made in Ypsilanti" exhibits on Michigan avenue. The auto show is being directed by the following committee: Peter F. Marsh, chairman; M. C. Day and Oliver Goldsmith. The chairman has already landed one big feature in having obtained consent of the Studebaker corporation to send their Detroit band on Thursday night. This popular organization recently was the sensation of the big Red Arrow parade in Detroit and their presence in Ypsilanti will doubtless attract a good crowd.

Unique window displays will characterize the retailers' exhibit, and when the attractive displays of a year ago are recalled it is evident that some new works of art may be anticipated. Few announcements are being made, but every storekeeper is working to excel the displays of a year ago.

The following committees have been appointed and are working under the direction of the better business committee of the Board of Commerce: Publicity, Foster Fletcher, Jack Willoughby and H. Hutchins; decoration, W. L. Kishlar, Harry Miller, D. B. South and Will Schneider; entertainment, D. L. Quirk, Jr., J. H. McCullough, A. G. Erickson, Carl Lindegren and Joseph H. Thompson; auto show, Peter F. Marsh, M. C. Day and Oliver Goldsmith; made in Ypsilanti exhibits, J. B. Shepherd, George Baker, W. D. Crocker and George Geer.

All committees are stressing the fact that every part of the autumn festival is free. All exhibits and displays are being arranged as educational and entertainment events and everyone is invited to come and enjoy the programs.

## CENTRAL HIGH BEGIN FOOTBALL PRACTICE

Twenty-four Central high school football candidates turned out for football practice Thursday afternoon under the direction of "Bill" Williams, Normal star. Many of last year's players graduated in June and their places must be filled. All high school graduates who possibly can are urged to come out for practice, as they can be used.

Coach Williams has not given the players their regular positions yet. The boys look good in their practices. They are being put through light practices and simple signals are being used. The schedule for the season is as follows:

- Oct. 8—Detroit at North at Detroit.
- Oct. 14—Highland Park at Highland Park.

Reports of Committees

Ypsilanti Mich., Sept. 6, 1921.

To the Honorable Mayor and Com-  
mon Council.

Your Committee appointed to  
consider the advisability of em-  
ploying seven men on the fire de-  
partment force during the coming  
year, have as requested made an  
estimate of the Fire Department  
fund resources and expenditures  
for the year ending July 10, 1922

with a force of seven men. That  
estimate, which is submitted here-  
with, shows a deficit of \$181.96 for  
the year. We believe that it  
would be possible to save this  
amount in the expenditure of other  
portions of the fund. We there-  
fore renew our recommendation  
made at the last meeting of the  
Council, namely that seven men  
be employed during the year and  
that the Fire Commissioners be  
requested if possible to so arrange

three men at the barn.

## A World Necessity

What makes possible the running of farms and businesses; the erecting of schools and churches and homes; the building of roads; the payment of wages; in short, the carrying on of human activities and life itself? It is saving, your saving, our saving, the saving of those who lived before us, that makes these things possible.

You couldn't borrow if someone hadn't saved and when you haven't saved enough for your own use you must pay others for the use of what they have saved. It's fair, isn't it?

But why not save for yourself, receive 4 per cent compound interest on your savings and accumulate enough to buy things you will want with your own money?

Opening a savings account with us will help you do these things.

## BREAKS LEG AND WRIST.

of the buildings at the gas plant.  
The accident occurred about 5  
o'clock.

CROP PROSPECTS IN  
MICHIGAN IMPROVE

Crop prospects, as relating to  
corn, potatoes, beans, sugar beets,  
buckwheat and some of the minor  
crops, have improved during the  
last month, according to the Sep-  
tember federal-state crop report  
issued today by Verne H. Church,  
agricultural statistician, U. S.  
bureau of markets and crop esti-  
mates, and Herman H. Halladay,  
state commissioner of agriculture.  
Good rains during the month  
effectually broke the drought that  
had prevailed for many weeks over  
the greater part of the state. Corn  
continues to lead all other crops in  
percentage of condition, and the  
crop of oats is the most disappoint-  
ing. Fruit is ripening early and  
showing slightly increased yields  
over earlier estimates.

Corn: The crop is practically  
matured and cutting is well ad-  
vanced. The quality and yield are  
generally good, except in a few  
counties. The indicated crop is  
62,654,000 bushels, as compared with  
65,000,000 last year. However,  
about one-third of the acreage is  
utilized for silage purposes, so  
that the grain production is approxi-  
mately two-thirds of the above  
figures.

Spring wheat: The acreage has  
decreased materially since the war,  
and the crop was very disappoint-  
ing in yield this year as well as in  
the previous two years. The crop is  
estimated at 317,000 bushels, or 52  
per cent of normal. The quality is  
poor.

Oats: Recent reports and thresh-  
ing returns have caused the crop of  
oats to shrink to 25,716,000 bushels.  
This is the smallest crop of oats  
produced in Michigan since 1897,  
and with that exception is the small-  
est crop since that quantity was  
first produced. From present infor-  
mation the average yield per acre  
is exceptionally light in weight and  
has but little feeding value. The  
greater part of it is unfit for use as  
feed.

Barley: The final condition esti-  
mate on barley is 56 per cent of a  
normal yield, equivalent to 3,750,-  
000 bushels. Last year's crop was  
6,240,000 bushels. The acreage  
harvested is 221,000 as compared  
with 240,000 last year. The quality  
is much below normal.

Buckwheat: The crop is showing  
good prospects, and if there are no  
damaging frosts during September  
a good yield may be expected. The  
present condition is placed at 83  
per cent, which represents a crop  
of 583,000 bushels, which is 26,000  
bushels less than produced last  
year.

Potatoes: There has been consid-  
erable improvement in the pros-  
pects for late potatoes in many sec-  
tions. While there are many poor  
stands that will yield but little  
there are also many good stands.  
Some excellent fields are found in  
Montcalm, Mecosta and adjacent  
counties, one of the heavy produc-  
ing sections of the state, but the  
stands are much poorer in the  
northwestern and southwestern  
counties. The present outlook is  
for a crop of 22,516,000 bushels, as  
compared with 35,700,000 bushels  
last year. The total crop for the  
United States as now forecasted is  
323,000,000 as compared with 428,-  
000,000 last year.

Beans: The most of the early  
crop has been harvested, and the  
yields have been rather poor. The  
late crop will be harvested during  
September and promises only a fair  
yield, the condition being 71 per  
cent. This is equivalent to a crop of  
2,295,000 bushels, or 1,280,000 bushels  
less than last year.

Clover seed: The acreage of  
clover seed to be harvested is esti-  
mated at 70,000, or five per cent less  
than last year. Some acreage is be-  
ing cut for hay owing to the short-  
age of that crop. Yields of man-  
moth and alsike are reported to be  
rather light in many sections, but  
June clover is generally well filled.  
The outlook is for an 80 per cent  
yield, or a crop of 116,000 bushels.  
Last year's crop was 12,000 bushels.

Hay: The hay crop is estimated at  
2,544,000 tons, the lightest produc-  
tion since 1913. The average yield  
for the state is 0.92 ton of tame hay  
and 1.10 tons of wild hay. The  
quality is 87 per cent as compared  
with a ten-year average of 93 per  
cent, much of the crop having  
ripened prematurely and being  
short in straw.

Fruit: The total apple crop of  
Michigan is placed at 6,153,000  
bushels, and that of the United  
States 107,000,000, the lightest pro-  
duction for the country as a whole  
since 1890. The present outlook is  
for 59 per cent of a crop in Michi-  
gan. The light peach crop in  
Michigan is expected to produce  
408,000 bushels as compared with  
1,500,000 last year. The pear crop  
is estimated at 521,000 bushels, while  
last year's crop was 1,100,000. The  
production of grapes is exceeding  
earlier estimates and now promises  
40 per cent of a crop for the state.  
Melons are in abundant crop and  
fully supplying the demand in most  
sections. The quality of all fruits  
is generally good.

Swine: The number of swine on  
farms on Sept. 1 for fattening pur-  
poses is estimated at 1,214,000. This  
is somewhat below the pre-war  
level, but practically the same as  
last year.

Wool: An inquiry relative to  
wool production indicates that 7,714,-  
000 pounds were produced in the  
state this year. Last year 8,385,000  
pounds were clipped. The loss is due  
to the lighter average weight of  
leaves and to the reduced number  
of sheep sheared.

Agricultural Statistician.

## An answer

To the question of the hour—

What are the styles for fall and winter?

Long lines predominate. That is the first thing that an inspection of our new Wooltex Tailor-mades will disclose.

Many of the suit coats hang unbelted from shoulder to hem, giving a long, graceful line that is becoming to all.

For some women there are the semi-fitting strictly tailored types; for others the box coat. Uneven hems appear to give variety.

And for trimming, fur first and foremost; some embroidery and on the more simply tailored models rows of cording or silk braid.

New modes in Wooltex Tailor-mades ready for your inspection.

Hubert English, of this city, and  
Louis McCabury, of Saline, two of  
the boys who were accused of tak-  
ing government property at Gray-  
ling during the recent encampment,  
were in court before Justice Curtiss  
Friday afternoon to answer to the  
charges.

English was released as the evi-  
dence was not sufficient. McCab-  
ury was sent to circuit court under  
\$300 bail.

### DOUBLE THE SENTENCE.

Anton Frost was sent to the  
county jail by Justice Curtiss for  
being drunk and disorderly. His  
sentence was for 30 days, but he  
thought that as there was nothing  
doing the judge might as well make  
it 60 days. Two months with board  
and room furnished would help him  
out nicely. Judge Curtiss couldn't  
accommodate him for the two  
months, but intimated that any in-  
fractions of the law in the future  
would send him to the Detroit  
house of correction for the limit.

A gentleman friend of ours tipped us off to what he said was a rare bit of news, relative to an automobile accident that happened last Sunday and gave us the lady's name of this city who was one of the party. We saw the lady and asked her for the particulars, and, now, say, George, you wouldn't ask us to go any further in this, especially when the said lady seemed much fussed and begged us to keep her name out of the paper, would you? Besides, we are bound to respect the profession.

### CATCH BOYS IN MELON PATCH.

Two boys were caught in Ed. Wiard's melon patch on Michigan avenue Wednesday afternoon and Mr. Wiard brought them to Ypsilanti in his machine and had them locked up in the city hall. They were Joseph Smith, 17, and Garhart Sylvester, 16, both of Detroit. Before Justice Curtiss Thursday morning Mr. Wiard withdrew his complaint on the promise of the boys to be good. Judge Curtiss released them on suspended sentence and the payment of one dollar for their meals while in the lockup. Neither the boys nor Mrs. Sylvester, nor the neighbor who had brought her, have that much money, so Justice Curtiss allowed the boys to leave on their promise to send the money from Detroit.

## MANY MICH. FARMERS ATTEND CONFERENCE

Hundreds of farmers interested in growing soy beans assembled at the Johnson seed farm at Stryker, Ohio, last Friday and inspected the various fields of soy beans under cultivation on that farm. One hundred and thirty-five acres are grown to this crop. Much of it will be harvested for seed. Several county agents and a large number from southern Michigan were present. County Agent Osler and C. D. Finkbeiner attended from Washtenaw county. Interesting experiments are being conducted to show the value of soy beans as silage and hay crops. Johnson Brothers have been especially successful in handling this crop and they are recognized as one of the best authorities in the middle west on soy beans. They have over 40 different varieties under test and it was an excellent opportunity to see and compare the value and adaptation of these varieties for different purposes.

During the forenoon the program consisted of inspecting the seed under cultivation. After visiting the crops a trip was made over the farm and the various plots visited and explained by a representative who was familiar with the work.

In the afternoon an interesting program was given, at which time addresses were made by Dean Vivian of the College of Agriculture of the Ohio State university; Prof. J. F. Cox, of the Michigan Agricultural college; Prof. Nicholas Schmitz, Pennsylvania State college, and Dr. J. B. Park, of the Ohio State university, and Mr. W. J. Morris, of the U. S. department of agriculture.

These speakers touched upon the value of legumes in the development of American agriculture. Its value as a soil builder and food crop was especially emphasized. One of the speakers anticipated that this crop would supplant any of the major crops, but no doubt it would become an important minor crop which could be grown to advantage under many conditions without interfering with the regular crop rotation.

After the program fields of biennial sweet clover and Hubam clover were inspected. Following this a demonstration in threshing methods were given, including the cutting, loading and threshing of the soy bean.

## INFANTILE PARALYSIS NOT EPIDEMIC IN MICH.

Infantile paralysis, or poliomyelitis, while more prevalent in Michigan than it has been since 1916, is not epidemic in any community and does not warrant at the present time the undue apprehension with which it is sometimes regarded, says Dr. R. M. Olin, commissioner of health.

"Authorities have concluded," states Dr. Olin, "that the susceptibility of children under 13 years of age to measles is 50 times as great as to poliomyelitis, to whooping cough about 35 times, and to scarlet fever and to diphtheria about 10 times as great. The mortality from infantile paralysis has never approached the annual mortality Michigan suffers from whooping cough, a disease of childhood people often regarded lightly."

Precautions families may take in preventing poliomyelitis should include special care in general cleanliness and sanitation, it is said, handwashing before eating, frequent cleansing of the mouth and teeth, avoidance of common drinking cups or glasses, and avoidance of unnecessary travel, visiting or contact with crowds. Parents of young children are warned of the advisability of calling a physician in case of any symptoms of illness.

A letter reviewing the situation has been mailed by the state department of health to every physician in the state. It urges them to be on their guard "to prevent the possible spread of the disease." In spite of the large amount of research work that has been done, it continues, science offers nothing new in the cause or treatment of this disease.

# Symbols of the Season

The first brisk, crisp days of autumn are almost on us. Even now there's an early morning tang to the air. Smoke rises thin and blue to mingle with the purple haze in the bottoms. Already the forest folk are storing provender against the biting winds of winter. At midnight can be heard the far honking of the wild fowl winging southward.

We, too, have heeded these symbols of

winter's rapid approach. A supply of ultra-smart town and country garments and furnishings for gentlemen has been prepared for your early inspection. You will find when you drop in to view them there has been a marked departure in Fall Styles from those generally accepted of recent years.

Tight fitting sacks are quite taboo. The new sacks have natural shoulders,

and are fairly easy, only slightly following the lines of the figure. Trousers hang full and straight to the ankle. Overcoats show an easy swing which is the vogue this season.

It seems almost needless to add that such clothes are made by the Hirsh, Wickwire Company, and that an early inspection is absolutely imperative if the widest latitude in choice is desired.
